

Nerang RSL & Memorial Club Conference & Meeting Packages

How we help our community

The Nerang RSL & Memorial Club is an integral part of the local community.

We operate as a not-for-profit organisation which enables us to support a number of local community endeavours, including sporting clubs and charities, all with a focus on helping our local Gold Coast Youth and Ex-Service Personnel.

We contribute approximately \$250,000 through in-kind assistance, sponsorship and donations in the local community each year.

We work closely with our local schools to provide school based training, traineeships and an annual bursary to the 12 schools within the catchment area

Our affiliation with Bond University's Indigenous Scholarship Program gives our indigenous employees the opportunity to further their education.

We are very proud to be associated with NDIS programs providing a range of work experience training and employment opportunities for young people and adults with disabilities.

With all of this in mind, you can be assured that when holding your function with us, you too help make a difference.

It's the little things that make a difference
